Hi John I'll be downstairs in 20 minutes or so to leave by 745

I'm all ready to check out and head to Canton and get coffee before or as the call was starting. Can you resend the invite.

Nothing after CWW so it is closer to home to leave from there

Ok I'll be down in 5

I'm here and ready. 6162860101

OK I'm a few minutes away and I'll call you at 8. That is when Mike is expecting her car. We will knock it out and head in for the conference

Hi John, Jack here at PayIt and others cautioned me about sending Westland related emails and receiving help from you via your GR email address in case of any public record disclosure. That hadn't crossed my mind. They mentioned using a non GR email for you. We just got a cleaner breakdown of the transactions I can forward if you have another email I can use and open to your thoughts on this. Just wanted to say a big thank you on behalf of all of us as well. You continue to help in so many ways. I think we can get Westland and look forward to next weeks meeting

Understood

Is there another email I can use for you?

We just got exactly what we needed from Westland
