Amen brother!

How did you know that and what's new with you?

Bc I stalk your every move.

That's creepy and I like it

Haha jk, I saw something come up on LinkedIn. And through to myself, I think my buddy moved close to where your Villanova house is... and then thought we should all try to get one more round of golf in...

Then I saw Florida on your linkedin

Laughed at "That's creepy and I like it"

St. Petersburg has some epic golf but unfortunately quite a distance if you're ever in town though, you know the guy to call.

Bingo!

How's everything with you?
