Yeah uncheck it I think. We only have 1 keeper so prob doesn't matter

How much was the poster / sticker board you mentioned in the brew crew draft

27\$. Got it on Amazon was gonna return it if we don't need it

I'm gonna Venmo you \$30. Keep it regardless of return or not. Maybe it towards the winners pot if nothing to go towards but put towards the cost of hosting. I was last place can't let me get around that one commish

That was awful sentence structure

That's unlike me

Ha yeah it did hurt my head but got what you mean.

Forgot about the last place rule. Thanks 👍

I imagine this offer was before Mike Williams went down?

Or you just making it 3:3

It was during game I believe. I'm slipping in my old age. I appreciate the heads up LOL been so busy.... but now that the conversation is started... 🤔🤔🤔

10/3/23, 11:54 AM

10/26/23, 8:46 PM

Any interest in mahomes in bundle league ? I need both RB and WRs and am open to trades

Not particularly since I have tua and Allen. What were you thinking

Yea. Would be hard to make it work for you

I'd need multiple players and your set at QB

Yeah prob not a fit for the slight upgrade at qb. Barkley or Mixon on the other hand 🤔🤔 lol

I'm open to anything

Take me while I'm vulnerable

I've heard that before 😂 let me look quick

Man my team isnt very good either in Bundle. This best I can come up with:

Will consider

10/30/23, 10:58 PM

You watching the mail biter we got going !?

Yeah dude I thought I was toast last night and sent you the money already haha. Can't believe this right now

The reverse jinx Venmo. Classic strategy. Knew it when it came in

Haha I should just start paying everyone I play to be safe

Damn what a dick tease of a game. Congrats lol

The best worst team in the league continues to rise

11/19/23, 2:22 PM

Really wanted to accept that Barkley trade at 12:55pm today

Haha I can pop it back up, but won't help you this week

11/21/23, 10:55 AM

Still interested in a trade?

12/13/23, 2:16 PM

You issue those fines!?

To Royce? Lol

I just kept it and let the interested parties know in private. Closed door ruling

The irony is that I still lost

But still, the principle.

Haha check My and Carlos' matchup last week too. He left Higbee in and I lost as well 🤔.

Is there a rule stating they need to pay a fine? If not I'm adding that to my to-do list for next year. Need something to incentivize season long engagement

It's always been a \$20 fine per player and it rolls into the champions pot

There were playoff implications, regardless if Carlos beat you, or Eric beat me

Yeah I know. I'll message them both. Wish me luck lol

Rooting for you to beat Hahn 🤞 good luck

Stay sharp, commish

Nate, my friend, how are you. Enjoying the football match I presume. Ah, sport.

Digress I shall. Serious matters bring news from the bay.

Summer, like all, will subside come near Autumn sparking the punctual podcasts, rioting reels, and cringeworthy shorts to boot, I, I will be among the commoners, no longer armed iPad and cheat sheet in tow. Yes, me, scrolling from the stands, though in this daydream, magical! fantastical! stands are these stands, too. Miles high the are. Fit for a king, really, but views for the gods. You know the type

off to new pastures with fond memories of my fantasy career I am yes.

Im proud of my time in the league. A 13 year career veteran and a pension due in time no doubt. With you at the helm, such seas set part.

Proud of my time, truly, with moment of pride I'll reflect on in time. To never lose Yahoo's Bronze trophy user designation. Now...that honor, that distinction, well, makes it all worth it.

Career highlight superficialities aside, I'm most proud of you. You took the reins. No complaints. Just got to work. You have a bright future ahead. I wish you the best

With that said, it brings me equal sadness and pride to formally submit my resignation.

I'm not big on the whole limelight thing - never really been one to brag about

So I'll let you do the talking for me

Such beautiful prose. Sad to see you go brother but I get it. Your legacy will live on with me haha

I'll make the announcement come summer. Fair well good sir

Ok make mention of my middle school football stats

Just to round out the message

"All round football guy"

Well, you pick the best words. You won't fuck it up

Maybe send me the draft first tho

"2 sport athlete Stephen Boerner...."

It's a start. Thanks

I have a few months, I'll give you the best damn fantasy eulogy around

My guy. Means a lot.
