Can we continue convo here

Aaron Morris

Boerner you didn't connect a usb hd yet?

I have for my stuff and for my work purposes yes. iPhone USB-C to external SSD via USB-C

It's amazing

So fast too

Got me 3TB total hard drive

I wiped iCloud and cloud subscriptions outside of one now I'm golden

Could care less when I wipe texts. Sharing huge image and video files shoots it up so fast

Aaron Morris

Well...

Eh

Aaron Morris

Don't do it again. St. Pete Tax Pirates is a superior name

Take it up with Apple believe me I agree with this

Aaron Morris

Apple could hire a lawyer and attempt to take my house, id still never leave

Aaand this is when everyone simultaneously take a sips of their light beer at the company happy hour

Aaron Morris

I just love Apple

Aaron Morris

Apple  
Amazon  
ChatGPT  
Uber  
Gmail

Probably stuff I will always have until I die

Ok agree I like those. Love some. Share in others. Give me your next 5 now

Take a moment

Aaron Morris

Unconditionally, it would have to be more AI stuff. Automated AI car, AI Adderall

Aaron Morris

If I'm going off the deep end, I'd probably not include a bank, but a crypto wallet

Aaron Morris

I had two interesting moments today boys.

First one the coffee shop person asked me if I was waiting for someone. My brain said she's coming from the restroom, my mouth said she's in the restroom. Instead what came out was "yeah she's coming in the bathroom"

Second one, I meant to slack someone that I'm going to eat mushrooms again for a late night work sesh. Except this time I won't choke and almost throw up on them while at a coffee shop" I didn't send it to them, I accidentally sent it to someone much higher ranking than me. Thankfully, the coolest and easiest going one.

I deleted my message very quickly but he caught it

If you watch, it's a story of good versus evil .... a true villain,

A villain whose demented, immature mind struggles to keep a grip on reality, culminating in an unseen crescendo of violence. It is a story of evil winning battles. It's a story of good winning wars, if I may.

Edited

Best with headphones I presume

Willie Poole

Omg I can't wait watch

Willie Poole

Please tell me I have my headphones

Failed to include his inner battle with inner homoerotic urges driving his anger at the world

And himself

➔ Replying to Willie Poole, 2024-04-12 11:53:41: « Omg I can't wait watch »

I said unseen . So it's not camera footage of the event, willie

But alas I move on now

Haha also a fair glimpse into the creators mental state at time of production but hey

Willie Poole

That was a huge disappointment

Willie Poole

HUGE

Willie Poole

still very proud of u

Willie Poole

But

I was hoping for raw footage of a territorial feral boner in his natural habitat

Willie Poole

Haha this is my darkest creative work

It was for me

Willie Poole

Yeah it sucked

The thumbnail...is misleading. I see that

Willie Poole

I take that back

Willie Poole

Artistically good

Willie Poole

But didn't scratch my itch

Willie Poole

Respectfully, I did not like it

Willie Poole

Kinda made me depressed

Hahaha yes!

Made me feel bad for the villain

Good content though Boerner. You're a good content creator, even if it is very much uniquely yours. Though you wouldn't do it any other way

Kinda understand that and thank you. You watched the first video but the second shows the AI imagery which i think is the best part jsut how cool it is

This is my arch enemy. 1am he called the cops his house was attacked. I don't know details but the same guy that broke into my house calls the cops for being attacked.

As for the incident that occurred at my home, the state attorneys office called me. Asked me to testify. Apparently this guy Brian Borland (the guy who came into our home) keeps getting away with very little punishment and Gulfport PD is complacent.

He drove drunk to my house and didn't get a DUI, on a misdemeanor for trespassing. Not breaking and entering bc my door was unlocked, not vandalism bc the cops haven't returned my calls, not attempted burglary again bc cops haven't returned me call so I can submit the evidence we found.

Willie Poole

Fuckin bastards

The woman across the street from me told cops the night / morning of the incident that she her camera footage shows him driving drunk. She said the footage showed him backing up into my tree! all over my front lawn. First I've ever heard of this.

The cops never pursued this footage.

So I did.

Willie Poole

Put that fuck in a cage where he belongs

Willie Poole

Hit em with a civil suit if the cops don't do anything

Sadly, Nest footage discards pieces of footage over time and deletes all together after 30 days

But I can piece it together to point to proof in my opinion

I'm giving state attorney general everything I can. And adding restitution for damages to property

And I'll be speaking up at the next city council meeting

And Gulfport thought the gays were loud

Just wait

➔ Replying to Aaron Morris, 2024-04-25 17:42:01: « I'm glad you're pursuing this. For you, but also for society »

Thank you, Morris. It's funny how society actually encourages you to not pursue it. At least that has been my experience.

But since I am bad at recycling, this is the least I can do

Aaron Morris

I guess it depends on where you live. Local has bigger pressure than further away

Aaron Morris

The cops had major influence

The cops were offered evidence to take the guy off the road and they didn't pursue it

This just baffles me

Aaron Morris

Street cops not really motivated to be case chasers

Aaron Morris

Paperwork, court, etc

How do you fix that

Aaron Morris

Move to an affluent area

Aaron Morris

Where the standard is we don't fuck around

Well, that's the funny answer. And true to an individual asking for themselves

Do us a favor, list your enemies

Aaron Morris

I have a few off hand I can think of

➔ Replying to Willie Poole, 2024-04-30 11:57:21: « Get her Steven?? »

All will pay. Dearly.

Aaron Morris

1. SolarFirst
2. Step brother, but maybe more Sarah
3. Your quakertown wigger assailant
4. This city council person

Aaron Morris

Who else am I missing?

Well for clarity, the woman council woman isn't my ally, not my enemy. She got flagged for misusing her government email to help win an election and he emails to and from me went under a formal investigation by the Florida Election Committee who received a complaint the this council woman's opposition during their election.

It's because I offered to put a sign on my lawn bc I liked her and we worked well together on a project I did for city of Gulfport

Aaron Morris

Scale from 1 to 10, 10 being the most snakey, what was it at?

The campaign manager of the opposing party saw she responded yes to the request for a lawn sign and that was escalated to the state for investigation

Which was retarded she did nothing wrong

Aaron Morris

Oh got it 0

Aaron Morris

You weren't trying to manipulate

Aaron Morris

Who's the opposing party? THATSmy enemy

0 on a scale of misuse. It was an attempt to get her out of office . And that article reports on the findings of the election committee showing she didn't do anything wrong

She's cleared

It was an extremely feisty election and very immature on both sides

I've also been asked to run for city council which I've declined

I ain't no pawn. There is this "inner circle" in Gulfport that tries to persuade new candidate to take seats on council for their agendas

I was invited to a private meeting and propositioned. Beautiful house. They assumed I was a democrat for whatever reason

I felt like an imposter sitting there listening to liberal bs I couldn't take it

→ Replying to Aaron Morris, 2024-04-30 12:41:50: « Who's the opposing party? THATSmy enemy »

City council elections, and city council in general, is supposed to non-partisan, but it's not at all I'd say. Sadly, the idiots here are republicans

Aaron Morris

Idiots come in all forms. We live in a country where you are free to be as smart or dumb as you'd like. God bless this country

Dems are actually fairly tolerable and mature here

Aaron Morris

Older democrats are more center

Aaron Morris

New ones are commies

Once I shared my stance i didn't feel unwelcome.

The old republicans here are awful. They tried to bribe the local newspaper two days before the election. So the paper wrote about the bribe attempt

Aaron Morris

Laughed at "The old republicans here are awful. They tried to ..."

Aaron Morris

See, that's how journalism SHOULD work.

Aaron Morris

Not be a part of the long arm of the law

Aaron Morris

I'm not opposed to bribery. It's only wrong when you get caught

I liked the idea. Execution very poor. Did it all wrong

My dad is in town on lighter note. Enjoying Gulfport and doing house shopping two hours north

He listens in on my calls with my lawyers and provides perspective on the side on how to best attack his own daughters family

I love it. I hate it

Love it

You can tan your wiener. and no, it's not a thing

think of it like how old fashion asians think of tanning - being a laborer's moniker, a symbol of poverty.

The boat company called me and asked if we wanted to move to the other boat, boat 2, which has an open bar. The reason for asking was that we're the only ones booked for boat 3 and they cancel them if there are under 10 people booked.

What I asked before making the executive decision:

1. Boat 2 is NOT byob
2. Boat 2 is larger
3. An open bar ticket is \$95.00 per person
4. Without the open bar ticket, drinks are roughly \$5.00 each
5. The boat is 5 minutes away from boat 3, our original boat
6. The boat ties up with all of the other boats in the same location as boat 2

Decision: I made the executive decision to move us to the boat. It affords us not having to worry about being cancelled and dealing with a bunch of scrambling to fix plans.

Actions needed: By mid day tomorrow, I need to text the girl ahead of time with how many open bar tickets we want.

She will charge my card for your tickets if you want them, just Venmo me when you make your decision.

The florida heat is far easier once you lean into the shirtless way of life everywhere you go.

Cooling off indoors and putting on a dry shirt is a lovely feeling

Willie Poole

I just rely heavily on pool bars

Willie Poole

Jumping in a cool pool revives Willy

Willie Poole

The bars with outdoor showers are great too

I have two camping shower bags and two rubber shower heads i bought and hung outback. Run a hose to it for 30 seconds fills 2 gallons, the bags warm water very quickly like 10 min for a cool shower, 30 minutes and water is hot.

Edited

\$10 each bag

Great amazon buy
