Hi John, do you have a second today to talk about Anoka? We got the RFP sent to us and wanted to discuss with you

Yes

When is good?

How about tomorrow around noon EST

Yeah that works. Who all do you want in the call? Just you and I or...

I think just you and I should work. Unless there is anyone else close to Anoka. I'll send the invite and feel free to share

I invited two people to our call tomorrow just fyi. One is our RFP writer, Jimmy, the other is Jack Laskowitz who is a VP and has an eye out for any future partnership and bigger picture considerations.

Great
