Pentti, reaching out from Solar First based here in SWFL.

My name is Steve and I oversee our offices in Fort Myers and St Pete (and I live in Gulfport - St Pete area)

I saw your requests come in. Tried calling earlier this morning, but figured I'd leave a text message in case that was easiest for you.

Here to listen to what you're working on in regards to solar. I can be helpful if you'd like to hop on a call at a time that works for you
