Hey steve!
It's eithne.
If you don't mind I prefer texting over gmail for logistics.

I had a great meeting with my boss and would love to discuss with you. Helped me focus on do-able timelines and milestones.

When you have some time give me a call - at your convenience, no rush at all.

Hope you are having a great weekend.

Great, how does tomorrow afternoon work? I have a 2 hour drive in the afternoon tomorrow and could call you then

Perfect!

4/3/23, 10:16 AM

Eithne, I called yesterday afternoon. Perhaps we can connect end of day today?

That would be great. You call me.

4/3/23, 2:16 PM

Sorry missed you yesterday, family commitment and by the time I was done was too late to respond.

Great. Glad to hear it. I'll call you at 5pm EST today

4/4/23, 8:48 PM

Working on my deck, can't find yours - could you resend?

Eithne, I have to cancel our 2 hour time block and reschedule. Can I call you tomorrow ?

Totally!

4/17/23, 12:14 PM

Hey steve! Would you have time for a quick check in today or this week?

4/18/23, 8:25 AM

Hello! I was OOO yesterday but back at it. How about Thursday. I'm wide open then

4/19/23, 7:35 PM

Eithne, availability tomorrow?

Ready to chat!

Available - 4:30 my time work?

Yes perfect I'll send an invite to your gmail. Want to use google meet to share screens and meet face to face ? I can set it up

Perfect! See you tomorrow

4/21/23, 10:20 AM

Nice speaking with you yesterday. I'd like to schedule our next chat. I got a lot out of your presentation of NIH and I want to talk that through more and also the model I presented and had to cut short. There is more to share on that.

Perfect I am available later today if that is not too soon.

How about 3pm CT/4pm ET?

4/21/23, 11:48 AM

Liked "How about 3pm CT/4pm ET?"

4/26/23, 3:59 PM

Have been swamped. Will look over that company today. Do you have time for a call this week?

Tomorrow is wide open outside of 4:30-5pm EST

4/27/23, 4:59 PM

What about a feature to your idea that added predictive funding analysis of an NIH application to tell the applicant where an applicant will fall short

4/27/23, 6:18 PM

Steve that is fucking stupid! How in the world do you or anyone On your team have the ability to predict that? Do you know how a grant is reviewed? How is feedback presented? Once again your solutions indicate you have no fucking idea what you're talking about! I say this nicely.

I am
Laughing! Thanks for that.

What's your schedule like tomorrow? I can walk you through the review process so you understand why that idea is not appropriate. And I hope I didn't offend you with my previous text!!!

4/27/23, 8:56 PM

My bad! Haha all good. Love it. Real feedback. Don't get that anywhere. Let's talk tomorrow. I have a plan to fast track things. Saw you called but I'll text you in the am

4/28/23, 12:31 PM

What's your schedule like today? I would
Love to head the fast track idea.

How about 4pm cst?

Can you do any earlier?

I can't but am free Sunday and Monday

Ok let's do 3.

I suggested 4pm central / 5pm EST. I can't do 3pm CT

That works

Ok I'll call you then

4/28/23, 2:03 PM

I have to head home from office sooner than expected. Family plans this eve to prep for. Apologies I thought I had time. Am free Sunday or I'll text you Monday to set up a time. Maybe Monday or Tuesday evening. Have a great weekend!

On a call cherry

Currently

Ok I am on the edge of my seat and patience is my worst attribute or my lack of filter.

All good. I want to talk next about core phase-1 features and moving towards a mock-up

Yes! Perfect

5/1/23, 3:40 PM

Do you have time to meet this week?

Hi yes! Tomorrow after 11am EST. anytime

Let me see how my day shapes up - will text later.

5/2/23, 11:02 AM

My day is good and I am free later this afternoon. What time works best for you?

How about 4pm CT / 5pm ET

Perfect- will you set up google meets?

Still working on wireframe - hoping to have done by end of week. Hope you had a great weekend!

If not sooner

Sounds good!

Hey! Quick update. Still working. This is one of my busiest times w grant submissions. I have due dates for may 18th, 26th, june 5th and june 12th. So having to prioritize Tulane at the moment.
But in my downtime,
I am starting to do an electronic wireframe using adobe xd. Have access through Tulane. Any reason to use a different program?

I've used adobe XD years ago. It's good enough. Doesn't matter. Whatever tool you use to build and showcase user journey effectively and as long as the exercise forwards the thinking and ideas then use whatever platform you find works for you

5/16/23, 4:08 PM

That's what I thought. I am really enjoying the exercise. Nice to see idea take form.

5/18/23, 10:10 PM

Going to send you a link to our new website created by yours truly. It's live, but not "live"...looking to share to get feedback and your thoughts on how it conveys who we are, what we do, etc. Mind taking a look?

*this is the rebranded site.

5/21/23, 4:06 PM

I never got the website. I am excited to see it.

Held back just to refine some things

Will send in a bit

Thank you 😊

5/21/23, 6:33 PM

No rush / just in case you had attached it.

5/24/23, 8:10 AM

Hey Steve, I scheduled a 30 min meeting for this morning at 9:30. I was hoping we could just catch up real quick. Several wonderful developments on my end. I am totally flexible with time. I am working on a dense and very boring grant so happy for a distraction. Please let me know if you have the time today.

That works for me

Talk soon

5/25/23, 5:33 PM

I think it might be that your scalability perspective is skewed and still hampered by pubtrawl thinking. I submitted the first grant today. And I have slept so available to chat.

5/30/23, 8:14 PM

Can I call you back tomorrow? I'm at the beach until tomorrow

5/31/23, 11:17 AM

No rush!

6/1/23, 4:39 PM

I do think I have solved some of your scalability so you might want to call me.

6/1/23, 7:21 PM

Let's talk! Are you free at 9pm or tomorrow morning?

6/1/23, 8:33 PM

Let's do tomorrow.

Any time work best?

Got a minute now

Yes I'll call you in a minute

6/7/23, 12:52 PM

Finished wireframe. Let me know when you have time to let me present.

6/7/23, 5:18 PM

Look at my email. Rusty Pickering is going to be presenting and I can get face to face with him. He is my angel investor.

Your time

Great. You wanna call me?

6/15/23, 7:59 PM

Peep that email thread and two blue links, video within etc, before our call or did you already? Dog shitting issues need 5 more maybe 10. I cracked the fuckin code. I got it this time

6/17/23, 5:11 PM

Hey how did that brainstorm go? Do you want to schedule some time to work tomorrow or Monday?

6/17/23, 8:26 PM

I'm free tomorrow after 1 PM. I have done a fair amount of thinking. I think I have an interesting idea to run by you.

Can you send me a deck of the new idea - I prefer over video.

I'll send some info yes

Tomorrow

Perfect!

6/18/23, 10:51 AM

6/18/23, 11:56 AM

Great! All the best

6/19/23, 12:58 PM

Hey there. Back in the saddle. Technically a holiday, but taking the day to work so I'm free to chat whenever. Tomorrow or later this week works too but I'm ready

6/19/23, 2:51 PM

Great. I am focusing on my daughter for next couple days. Will reach out asap.

Totally understand. Here when ready. I will make progress on my end until then

6/20/23, 12:31 PM

Back at my desk. Definitely pushing timeline. Want to talk later today?

Yep

Before 7pm or after 9pm

Before works... I am not ready for a real meeting just a check in - can do anytime.

It's on my calendar for Noon EST - 1:30 EST. That is correct?

6/22/23, 10:32 AM

Quick fyi - spoke with my boss, I am going to attend talk on zoom and not draw attention. She recommended keeping low profile until ready because of IP issues - best no one puts me and Tulane together for now. She can get us the intro for a meeting when ready.

6/22/23, 11:56 AM

Ok cool.

I'm on the call

6/22/23, 2:19 PM

Want to debrief?

I can't until about 530 or 6pm est

Good presentation tho.

8/7/23, 11:32 AM

Hi steve! I have gotten sleep and am no longer running on fumes! I apologize for being way over eager!

I am hoping we can meet soon so I can show you were I am at and you give me advise on next steps. How's your availability? No rush.

Baby! Proposal trumps everything! Enjoy!

Left a voicemail that covers what I wanted to say. Have a listen and let me know about Friday. Have a great night!

8/16/23, 7:36 PM

Hi! So so sorry I'm terrible at being available this week I should have set that expectation and not have tried to get everything in when I should have assumed this week would be difficult to be flexible. Just listened to your VM and I think the weekend would be best so does that work?

8/17/23, 9:31 AM

Never a problem! Don't worry for a moment.

8/21/23, 4:53 PM

Sept 23 and 24th are wide open
