Hi Mr Bemer - Melissa and I are submitting a couple applications to potentially rent a house.

Applications ask us to list our current monthly rent amount along with the name and phone number of our current landlord.

Are you okay with us putting your name and phone number on applications that request it? I doubt they will call you.

Also, the current monthly rent amount we put on the application is \$2,500 per month. Letting you know in case they contact you for a reference and that comes up.

Just wanted to let you know and check to make sure this is all okay with you.

Melissa/Steve - please give me your thoughts and timetable for removing your remaining items from Hedgerow. I've been trying to clear out, but there is a lot of stuff for you that I do not know how to handle. Thanks
