Sent this to KB this am just making sure she knows. I'm sure she's busy but just in case she's wondering

Hey KB, it's Steve B. Not feeling great. Heading to drug store then back to hotel so I'm good for later. Had a tough night, but am good enough. Just need a little time. Need to miss this morning unfortunately if that's cool

Thanks man I'll make sure she knows

Feel better!

What was the last of the four objections? I'm typing out my responses and Kb closed google meet before I could write down the last question
