We can't see a shared screen

Are you good to go next?

Yes

Sweet

No sense in me sending you my slides I'll just share once you stop sharing

Liked "No sense in me sending you my slides I'll just share once you stop sharing"

I knew we moved the time frame on you and you were still working on them so wanted to double check

Was a hustle but I'm good

So I got a new cleaning crew for my house and they threw out my hand written notes from Lake County call Friday. Haha I was beside myself. So many notes gone. Anyway, I'm doing the follow up from memory and Adams more general notes but what were the follow ups I promised them do you know or remember?

I took some super rough ones

I'll slack you what I have and see if it sparks ⚡

You promised the phased approach slide for one

Yes! Ugh I have Covid in my brain still I swear

Slacked you the rest, +2 more action items
