Mary and I would like to welcome Hank to our family and give you an update on a health problem with me. It looks like my sausage eating days have caught up to me. Yesterday I was diagnosed with a 70-90% blockage of my Mid -LAD artery. I have a procedure scheduled for next Friday to have a stent put into the artery, which will help significantly. I'm required to take it easy for the next week. The procedure will be done at Paoli hospital and it will require an overnight stay. Mary and I can handle the back and forth to the hospital, but maybe we can get together on Sunday (St. Patricks Day) for some corn beef and cabbage. I'm told this is a straightforward procedure and I should feel like I'm 50 again. The silver lining is - we caught it in time and we'll be around to watch your kids grow up.

David Bemer Jr.

Thanks for heads up hopefully everything goes well and I can help with whatever needed with dogs or anything

Betsy Bemer

so glad they caught this when they did! we'll be saying prayers and keeping you and Mary in our thoughts this upcoming week. sounds like an added bonus to feel like 50 again!

we'll have to keep you posted on Sunday plans, we'll likely still be settling in with the new baby.

Dave Bemer

I'm hoping to get some hair back once I get back to 50.

Mike and I are heading to Baltimore on the 21st for my surgery, but can ABSOLUTELY help with and would LOVE to help with whatever is needed before then 🤞🤞🤞

Allison Hoetzel

Thanks for letting us know! I'm sorry to hear this though, I'm sure it must be scary. We'll be thinking of both of you and especially you David. ❤️❤️❤️ We'll still be in North Carolina for the last term of school but if you want me to come up I'm happy to for the weekend.

Dave Bemer

Thank you for all the support and the offers to help. Mary and I should be in good shape for next weekend and I'm told the recovery is fairly quick. Also, after some thought and consultation with others, we don't think corn beef is the right meal so close to this procedure. We'll have a heart friendly selection on St Patrick's day if you're available. Please RSVP before Friday so we can plan accordingly.

Mike Stiles

Glad they found out about the blockage and it can be a nice quick stent placement to get you back to feeling healthier. Also very excited about seeing your new hair due 😊

Ellie Benner

Thank goodness they caught and have a plan to address this. The littles need their FaFa for many years to come! We'll be thinking of you and are happy to help with anything. What time on 3/17? We have a birthday party that afternoon but would love to see you and are also free on 3/16.

bemer family! we're looking into renting a house in Santa Rosa FL for Jack's spring break next year (4/12-19 or 20). watercolor beach is super kid friendly w lots of protected green space, hiking, lazy river, pools etc. it's a cute community where you can golf cart everywhere.

the house we're looking at could house us + 2 other adults. depending on who else is interested my friend has another house in the area we could rent also.

so, is anyone interest in possibly spring breaking with us next year? 🌊☀️

(i know this is over a year in advance...but things book up quick!)
