Hi Olek, I invited Jonathan (who you met virtually) down to Philadelphia to meet and work in person for a few hours starting at 1pm.

I'm having trouble finding office space to meet with him and one other woman. I'm curious if we could rent or use space in/around your office you showed me. And if you're around tomorrow we could all meet for 30 minute or so perhaps.

Never mind about the office space. We have a room at WeWork. I would still very much like to meet with you and Jonathan. Some things will be clearer if we can verbalize. I'd like to explore opportunities and interest to work together

Hi Steve, so sorry for the late reply! Of course, please feel free to use our space to work or to meet people as needed 👍 We would mention to the floor management that you are part of our team.

I'm in Texas, coming back in several days. I have my associate Chaucer on the floor who would help you to get inside / to the conf room as needed.

Happy to continue our conversation! :) I will share more on what is my progress with Venture Accelerator 🚀

Hi Olek, I am looking for office space close by. I recall you providing details for the Bourse building but can't find best person to contact. Looking to set up something for next Wednesday

Oh, absolutely! I would love to be neighbors 😊 Actually, the Bourse is closing but there are two other option. I will ask my colleague Chaucer (who is working on that) to give you a call.

That would be great. Really appreciate it.

Is the whole bourse building closing or just the offices?

Of course! Just the offices.
