Justin, meet Steve Boerner, my best friend that I was talking to you about earlier today at codependent. I think this is an interesting conversation to explore leadership, entrepreneurship, AI, automation, efficiency, content creation, marketing funnels, and leadership.

Steve, meet Justin Mihaly, a friend in the moment of all of the stuff going on with me. Justin, amongst many many other talents, is a leader, coach, advocate, and business owner. Justin also runs the Grow or Die podcast.

Let me know what else I can do to "make this happen."

Justin! I just went down a rabbit hole of your content. I'm adding it to my daily digest. It's spot on. Speaks to me.

This is going to be a fun convo. I think we might need a bigger memory card for this one.

Let's get that first convo on the books. Happy to coordinate through the PA.

That would be good. Do you and Steve have to not talk about too much so you have the content for the next day?
