Watching Disney videos with Niko and Aladdin came on. All I could think about was playing golf with you in Delaware and talking about getting my first deep throat blowjob and us singing 'A Whole New World' making the turn. Now got that song stuck in my head all day and now you will too haha

Good times... love ya bud

Love you too man. Going through a tough time maybe I could call you tomorrow

That truly is the ultimate fanny. I wear one every day now. I have been for maybe 3 months now. I feel naked without it. I want a modular one but can't find one. Imagine one that has multiple designs that hold separate things and have heavy duty Velcro or attachment clips to pop on and off quickly and you don't have to unpack for one thing and pack for another. One for tools and handy work, one for work like pens and chargers, etc.

Let's start it haha

Way to step up and be the hero

Sad they left out the part where, "Stephen Boerner did not hear the intruder as he was in the garage working up fanny pack ad videos to 80's rock music to send to his friends."

Haha the truth isn't that far off that's the funny part

It was 3:30am and I was in our detached shed/office

Guy absolutely did not expect me from where I came from. Crouched in the shadows and lit him up

Broke his nose

Arrested him myself. Cops came 5 minutes from time Melissa called 911

Got to listen to him scream when they reset his nose

Funny I actually typed shed first lol I bet waiting for that moment and popping him was great... and surely a crazy rush at 3am

He's lucky it wasn't a 7 iron

Glad you were there as I'm sure Melissa was freaked, even if it was a stupid mistake on the guys part

Would be funny if he was telling the truth and you get to see his fucked up face around the neighborhood all the time now

Laughed at "Would be funny if he was telling the truth and you..."
