Hey it's Steve. Are you free 10am est tomorrow by chance ?

To potentially supplement the Ohio tolling discussion

Virtually

Of course!! If you need me!

Just send me a link! I will be ready, just defer to me when u need me to supplement so I can be at ur disposal

I'm just not 100 percent in the content and could be fine but having you listening in and supplementing is what I need I think

No link. I'll be there in person and will just call your cell

I can do that for you, whatever u need!!

Ok great. Invite just sent your for your calendar

Thank you. I just didn't have the prep session I needed today but have travel time to prep and dust off my tolling talk track

There is no way to compete with ez pass, imo, it has to be a supplement

Yep we should play up how patron without funds can drive ez pass adoption

I may buzz you early tomorrow morning before I leave the hotel if you have 15 min
