Luke turned 19 today!

You're kidding. Unreal. Happy birthday, Luke! Let's catch up soon. Lots of fun stuff on my end and curious to hear how the sabbatical is going

I ended the sabbatical five weeks ago and I am now with a private equity firm in Austin. Let's catch up Friday or next week.

Want to hear what you are up to

That's awesome. Congrats. Which firm? I'll text you tomorrow to grab some time. I'm free tomorrow after 3:30pm EST

Hey Stephen, was just thinking about you today because Luke is visiting Austin

Hope all is well and let's catch up soon

That's awesome!

I've been to both of those Austin ranges haha. No joke. Gotta shoot guns and golf balls when in Texas! I remember him swinging clubs at the pier in NY. That's a man's swing right there.

When are you free this week? I'll call your cell. All fun updates on my end. We're moving to St. Pete, FL. Well...not "moving" ...I call it "expanding"

Glad you don't have him in a Tesla just yet!

Well, it's an all electric BMW so close

He'll never go back

It is a rocket ship

Wow! She a Philly girl? What brings you to Philly. Side note: we moved to St Petersburg, FL recently and im here now. We still have our Philly condo but enjoying being away from the north east. I believe they call us "snow birds" except we havent left yet so guess not.

Anyway, congratulations to you and your fiancé. Beautiful people right there and thanks for sharing

Enjoy the Snowbird life very smart. All good on the work front?

Sadly, once Melissa and I arrived in Florida we learned a handful of valuable lessons...unfortunately, we now have expensive lawyers to help us stand up for ourselves.

I have been working for myself for six months. Lots of good consulting gigs. Lots of studying. Published a few things i am proud of. Refining myself, refining my knowledge, building ourselves back up. We took a big hit and has been the hardest 9 months i have ever been through.

But alas, like the phoenix, i have risen

In short, lets talk. Just today i admitted how much i dislike the consulting side. Fun for a bit. But i have ambitions. And im open. When im open, lots comes my way.
