Hi Nina! Steve here we met at 246 N 3rd. my wife is Melissa.

Anyway, we have a last minute need for Lucy this week and I was wondering if you had availability.

I am away all week and melissa works 12 hour nursing shift Monday, Tuesday, and Thursday

Are you possibly available for multiple walks those days? If not, any days or times that don't work as I can coordinate with another walker

Yes, I'm available for all of those walks!
I just launched a package of buy 5 walks, get one free! So, if your total walk is 6 this week, you'd only have to pay 5. 😊

Let me know what times and I can put them in the system!

Amazing. I'm going to type it up now

Monday:

Early afternoon
Early evening (feed dinner at drop off)

Tuesday:

Early afternoon
Early evening (feed dinner at drop off)

Thursday:

Late morning
Mid-afternoon (no feeding)

Not sure if you offer to feed her around dinner time, but we can make it really easy with a little baggies of that days dinner to drop in her bowl when you leave. Thank you and please let me know your thoughts!

Sounds great!

Amazing wow! Are these 30 or 60 min walks and do we have options for that?

I typically only offer 30 minute walks, but if you'd like 60, we can do that!

For this week let's do 60 for each walk

And can you please share invoices with me. I'll be paying for any outstanding and this week

You can text invoices or email or however you'd like but I like to pay quick!

stephen.boerner@gmail.com

Oh never mind. Melissa says they are in an app and she said she'd show me how to use

Liked "For this week let's do 60 for each walk "

I'll make sure you are CC'd on invoices.
Melissa paid for last week.

Let me go in and create the walks for the week and then I can email invoice and you can pay!

Loved "I'll make sure you are CC'd on invoices.
Melissa ..."

Hi Steve! Just wondering if you saw the invoice or if you want me to resend it.
Thanks!

I didn't see it but will pay today!

I will find it

I'm in the app now

Delivered
