Hi Greg! I know you've been in touch with Steve, my husband, and he just left today to drive our car and pup down to Florida!! I'm still here tying up a few loose ends and would love to meet you at our place to show what needs to be moved and can then meet you at the storage unit (half mile away) to get you into the building and unit! Let me know if Tuesday morning works for you! Anytime before noon! Or if not what other time? Thank you!! Oh also our largest item is a king sized mattress and the rest are 27 gallon tupperwares and a mirror and boxes and things!

Greg Mover

Greg Mover
