Loved "We got a close DraftKings! Me vs you it seems "

Are you hatchlings?

It's all about picking the winner and placements

Liked "Are you hatchlings? "

Not sure I have the winner picked

Barbara was upset yesterday when I was talking to her about the bill I just assumed it would be split three ways and she wanted to do it by person, so let me know if she told you what she wanted to do

Haha yea I dunno what went down but she Venmo'd me the amount she ate/drank which was on that spreadsheet she did. She sent like \$105 I think

Insane what was our amount I didn't even see it
