Hey - who is the decision maker on Amarillo?

11/15/22, 1:57 PM

Hi jack, Rich Gagnon CIO will be a part of the decision. CTO Jim Wallace is not part of the decision but endorsed us and got us listed to receive the RFP. Jim told me they are committee buyers and he's not on that unfortunately but did give his recommendation after several interactions with Paylt earlier in the year

Thanks

Got your VM and heard the news 😞

Sad for us. Happy for you! You're a leader and I wish you a ton of success!

Hey Steve - can you email the Amarillo people and ask them to send future communications to me as your backup?

Yes will do so and cc you. Also will give you a call tomorrow

Hey Steve! Hope you're well. Sharing some good news: we just inked the deal with Anoka County. :)

Glad we decided to take a chance on responding!

Jack, great hearing from you and thrilled to hear it. Westland and Anoka. Be sure to call my cell when Cook County closes

Rooting for you guys.
