Hi, Steve. Kathie here trying to wrap up some loose ends. Did Jon share this about transferring the ThisWeekinPublicHealth.com domain: <https://www.namecheap.com/support/knowledgebase/article.aspx/876/83/how-to-transfer-a-domain-from-godaddy/> ? Also, can you tell me what font the Layr logo is in? TIA

Yes to the above. I will reply in full and transfer today. Promise

Thanks. Hope all is well with you!

Transfer info sent to Jon. The font I believe is Sans Serif. In Canva I created multiple logos for Layr and you should be able to go into one of the designs and confirm. It's also the same font used throughout the website

Thank you. I looked for the Layr logo in there before, but it doesn't seem to be shared with me or the team 🤔

hmm okay I'm going to go back in. I may have to appoint you admin

I just appointed you both as admins, then found where to appoint you as owner

So you should have an email for that

Thank you. That was a good idea. I think you need to go into the individual design and share it, though, because I still can't see it

Ok try now

I moved all designs from last 4 months to a dedicated folder "TWIPH & Layr"

Perfect! Thank you so much!

Happy to share anything I missed
