Steve, this week got really busy and we didn't get more time to talk. I appreciate the doc you sent and the follow-up you did with several folks. It's been a pleasure working with you and I hope your ears were burning on the call time today for the team. I wish you only the best in your new endeavor and am confident you will be successful. Please don't hesitate to reach out in the future and by all means consider me a strong reference for when that time may come. Best to you and your wife.

-Jeff

Need to reach out to him for something and wanted to level set

Yes we spoke over the phone last week
